

1. Objective:

The **goal** of this assignment is to develop and present a comprehensive pitch deck for your startup. This pitch deck will help you **present your business effectively**, covering key aspects of the course.

By the end of this assignment, you should be able to:

- ❖ Clearly **articulate the problem** your startup aims to solve.
- ❖ Present a **low-cost, low-risk solution**.
- ❖ Analyze the **market**, identify your target audience and a marketing plan.
- ❖ Showcase your **prototyping and MVP** development.
- ❖ Outline a detailed **financial plan**.
- ❖ Introduce your **team and their roles**.
- ❖ Define the **next steps** for your startup.

2. Instructions:

As discussed in class, your pitch deck should follow the content structure of the course and be delivered in a **presentation format with 11 slides** to be presented in **10 minutes**, followed by a **5-minute Q&A** section. Use visual slides and **short meaningful messages** (word counting below 10), providing **links to evidence** to support your points.

The structure should include these points:

1. Problem:

Problem analysis, where it all started.

Problem prototyping (if applies).

2. Solution:

Low-cost Solution.

Reuse, Repurpose of resources.

Low-risk Solution.

Derisking process (risks, uncertainties and mitigating actions).

3. Market:

Market research.

Marketing Plan.

4. Prototyping and MVP:

MVP.

Parts and combinatorial innovation features (if applies).

5. Financial Plan.

6. Team:

Introduce your team members.

Highlight their roles and expertise.

7. Next Steps:

Define the next steps for your startup.

Include milestones and timelines.

3. Useful presentation Tips:

Remember, this is about content consistency, but also about staging, performance, and personal reputation. Some tips commented in class:

- Keep text **concise**, clear, and impactful.
- Focus on **visuals** and impactful **clear messages**.
- Be **persuasive, dynamic**, and catchy.
- Be **honest, coherent**, and consistent with the story.
- Provide links to relevant data and **evidence**.
- Check **alignment of all forecasted figures** of the different points of the pitch.
- **Practice** delivering your presentation within the time limit, and with your peers.
- Use role play to **rehearse**, but also to **anticipate expected questions**.
- Run away from N.A.F.o.D., focus on F.o.M.o.!
